

STOP**LOOK****LISTEN**

The Union Land Company,

a new concern in this county, is located in the old Lincoln County Bank building. We are engaged in logging off timber lands, and are placing these cut over lands on the market. We are not selling this land to promoters, but only to bonifide settlers. We are in a position to sell lands on better terms, on better contracts, than ever before offered, and if you are interested in buying good farming land at never before heard of prices, come in and see us.

Office Hours 7 A. M. to 6 P. M.
