THE R-O-W "SPRING CUSHION"
AN ENTIRELY NEW PRINCIPLE IN WINDOW CONSTRUCTION

Compared to the 100 years Merrill has been in existence our plant is but an infant in the industrial life of our city, but we have had an eventful life . . . we are looking towards the future . . . Merrill is growing and we hope that we may grow with her . . . but we are not only hoping, we are planning . . . it is our desire to keep our plant a modern one by maintaining a competent crew working with the newest and finest machinery available.
