## Community Welcomes New Members

For the past twenty-one years, the Merrill Newcomers Club has provided an opportunity for new women in the area to become acquainted and feel at home in the community. The purpose of the club as stated in the constitution is to provide a formal welcome to the newcomers of the Merrill area, and to encourage good citizenship and good government through the promotion of active interest in the civic, social and moral welfare of the Merrill area.

The activities of the club are varied to encourage active participation by all members during their two years of active membership. The monthly meetings include a planned program with speakers, demonstrations or, on a lighter note, playing cards. The coffees held in homes, the Knit and Stitch group and the Bridge group provide an opportunity for a fun time on a smaller scale. Tours are planned of local industries and points of interest. There are also couples events during the year such as the summer "Luau", Christmas Party, "Las Vegas Night

and a Bowling Party. The November auction is the club's money-making project in which members bring homemade items to be auctioned.

The club encourages and welcomes all new women to join in the fun of being a "newcomer".
