

Northern Door Grows with Merrill

Lumberjacks who harvested timber to feed the woodworking mills of Jenny Bull Falls (later Merrill) were forerunners of the modern woodworking plants of Merrill today.

Northern Door Corporation has been a fast growing member of the Merrill industrial community. A subsidiary of Frantz Mfg. Co. of Sterling, Illinois, Northern Door has expanded from an employee ratio of 37 to the present 94 employees. With a business motto, 'quality wood products' typifies Northern Door operations managed by R. E. Stumpff, general manager, and K. K. Klebenow, office manager. Northern Door is proud to be a part of the Merrill Quasiquicentennial observance.

NORTHERN DOOR CORP.

From a
Humble
Beginning...

Caylor's has grown to the unique two building shopping center it is today; appliances, hardware, toys, furniture, clothing, housewares, carpeting, shoes, LP gas, and a sense of humor.
