

We Grew Up Together

*We knew it would work out
that way.*

Since the day we started business 75 years ago we've believed in Merrill's growth . . . Our financial support has aided Merrill's industry, agriculture and citizens. We've both come a long way.

Merrill on its 125th Anniversary has our heartiest congratulations & our assurance that in the future, as in the past, we shall be her staunch supporters
